

Get into Neurodiversity

Provides Quality Accredited Training in Neurodiversity
and Specific Learning Difficulties

Why You Should Do a Get into Neurodiversity Professional Development Course

- They are written and presented by recognised world leaders in their fields
- They are online, on-demand and video based and can be accessed when it suits you
- Each video is 30 minutes (on average) to fit into your busy day
- The videos are *edutaining* making the information easy to absorb and instantly applicable
- There are checklists in every course allowing you to profile individuals
- No matter where in the world you work, the course content is applicable
- The huge toolkit that accompanies each course is fully downloadable
- People love them, with courses getting on average 4.8 out of 5 stars
- All courses are at Core Training Level and are suitable for Educators at all levels, Allied Health Professionals, Homeschooling Parents and more
- This training will enable you to reach and teach every child, teen and adult in your care
- Completing a Get into Neurodiversity course gives you the ability to change lives for the better

Thank you for all that you do.
